CASE NO.: 2007-TLC-00003

In the Matter of:

GLOBAL HORIZONS, INC., and
MORDECHAI ORIAN, (MONDEN FARMS, LLC),

Employers.

Order of Dismissal

Global Horizons Manpower, Inc., and Mordechai Orian requested a *de novo* hearing on the denial of their application for temporary alien agricultural certification for eight workers planting flower bulbs and harvesting cabbage for Monden Farms, LLC in Kula, Hawaii. The Employment and Training Administration accepted the application (Case No. C-06319-03383), but denied it because the applicants have been debarred from the H-2A program for a period of three years. Their motion to stay that debarment was denied on December 26, 2006.

There is no issue for trial, the debarment prevents the certifications sought. The request for hearing is dismissed.
